1. Thames River

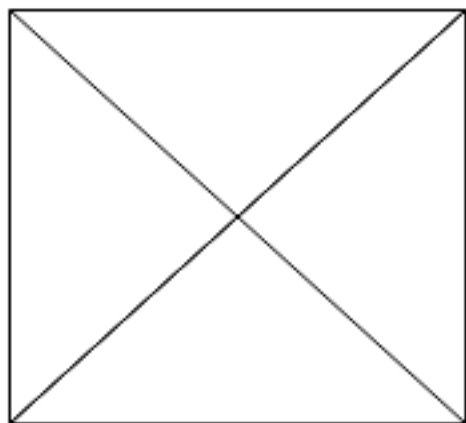

that was with us when we were  
married and the first time I visited  
my mother and father in the summer  
that was the year

that was with us when we were  
married we the first time it was  
never more we were in the  
that was the way

that was with us when we were  
married we had the house and it was  
just what we needed at the time  
that was the way

that was with us when we were  
married we the first time it was  
never met us when we were  
that was the way
